Empowering People

Smart Companion

Acer n30 Handheld
for a power-packed
performance

Pocket Power

All the power you desire, packed in a pocket-size. The new Acer n30 Handheld delivers excellent computing performance with Microsoft® Windows Mobile™ 2003 for Pocket PC Premium Edition, Samsung's S3C2410 application processor and the Microsoft® Office® handheld suite.

Wireless Freedom

The n30 comes with integrated Bluetooth® for untangled communication links, easy access to the Internet via a mobile phone GPRS modem and connectivity to a GPS receiver. The perfect gadget for on-the-go professionals with a fast-paced lifestyle.

Extreme Convenience

Now you can plug the latest peripherals directly into your n30. There's the SD/MMC memory card support for extra storage capacity. Plus, available as an option, Acer's 3-in-1 sync cable and USB host 1.1, for easy connection to USB devices.

Your Authorised Acer Reseller / Dealer

Every effort has been made to check for accuracy. Acer will not be liable for any inadvertent error which may occur in editorial, typography or photography in this brochure. In a continuing effort to improve the quality of our products, information in this brochure is subject to change without prior notice. Images appearing are only representations of some of the configurations available for this model. Availability may vary depending on region. As a phenomenon known to thin-film transistors (TFTs), liquid crystal displays (LCDs) commonly exhibit a small number of discolouration dots, so-called "non-conforming pixels". Acer would like its customers to understand that this phenomenon is a limitation of TFT LCD technology, not a product defect, and as such is not covered by Acer's warranty.
